

BioDerm

Skin Care & Laser Center

Look Better...Feel Better...Live Better

Greetings!

TRICK or TREAT?? Lucky for you, BioDerm only offer treats! This month, I am so excited because we have GREAT laser hair removal discounts.

Did you know that laser hair removal is one of the fastest growing non-surgical options available? With laser hair removal, we can permanently reduce hair anywhere on the human body.

Hundreds of thousands of people across the country have experienced the luxury of never waxing, tweezing, or shaving again. An additional benefit of laser hair removal is its ability to treat and prevent ingrown hair that often causes irritating and inflamed bumps also known as "razor bumps".

Benefits of Laser Hair Removal

- Permanently reduce hair anywhere on the body
- Notice significant reduction after just ONE treatment
- Treatments are safe and effective
- Quick treatments - 15-45 minutes
- Painless - only minimal discomfort

Our promotions expire on Halloween Day, so be sure to make an appointment to get your body hair-less before you go trick-or-treating. You wouldn't want to be mistaken for a werewolf now, right? =)

Hope you have a happy and safe Halloween!

Sincerely,

BioDerm Skin Care & Laser Center
